

Year Group: 9

Subject: **Health and Social Care**

Key Learning Points

Students will spend the first half term working through unit R028 to aid them with their coursework in Year 10

Unit: R028 Understanding the development and protection of young children in early years setting

Students will:

- Understand the key milestones a child will reach in physical, intellectual and language development from birth to five years
- Understand the key milestones of emotional and social development between birth to five years

As part of their understanding students will make resources and learning aids to help a child's development.

Assessment will take place using submitted classwork and end of learning objective tests.

Students will spend the second half term working through unit R031 to aid them with their coursework in Year 11

Unit: R031 Using basic first aid procedures

Students will:

- Be able to assess scenes of accidents to identify risks and continuing dangers
- Understand the first aid procedures for a range of injuries
- Be able to apply first aid procedures

As part of their understanding students will understand the procedures for a range of activities

Assessment will take place using submitted classwork and end of learning objective tests.
