

Yr 9 German Curriculum Summer 2021

Rationale:

In the first weeks, we will complete the free-time module from last term with vocab revision, speaking questions and assessments. The new module revisits another year 8 topic - Family. It extends vocabulary to family relationships and how people get on. This introduces a wider range of character adjectives to describe family and friends and reinforces the key verbs haben and sein. Students revisit possessive adjectives, personal pronouns and look at relative pronouns, separable verbs and imperfect modals for the higher challenge. A project entitled "Murder at a Wedding" is finally used to practice the module vocabulary.

Week beginning	Topic - K2 Freizeit Round up and assessments	Notes/ homework
