

Y11 – French work over the summer holiday

1/ Download Lingoclip on your phone (free app) or create a free account on lyrics training on your laptop (<https://lyricstraining.com/fr>) and practice your listening skills using the songs below. (It's very useful but also fun and easy and can be done on the beach under the umbrella!)

If the songs below don't appear, just search for the artist name and pick any song on offer – but the ones below are my favs' 😊

- Kendji Girac – Andalouse
- Slimane - Mon Amour
- Soprano- Chez Nous or Ferme les yeux et Imagine toi
- Clara Luciana- La Grenade
- Noirs Désirs- Le vent nous portera
- Céline Dion – On en change pas
- Tina Arena – Rêver jusqu'à l'impossible
- Mika et Soprano – Le Coeur holiday
- Zaz – Je veux
- Calogero – Je joue de la musique

2/ Go on Netflix and watch both series of Lupin (ideally in French with subtitles).

Then make a research on the book which inspired the film is and mentioned throughout in the film, and make a research on Maurice Leblanc, the author. Take notes on both the book and the author and you'll share your notes in September.

3/ Write a small Power Point (or Canva) presentation in French on your passion / favourite activity/ favourite person / favourite place.

To be able to be get it right, type French words in your research which will take you to French websites to support your presentation.

J'espère que vous aimerez ces activités.

Bonnes vacances à tous et à toutes 😊

Ms Lehmann
