

9th May 2018

Dear Parents/Carers

Y10 Exam Timetable

The timetable for the Y10 Exams is enclosed. The main exam period is from Monday 18th June to Friday 29th June. The timetable sets out the time and date of each exam, whether the exam is to be held in the classroom in normal lesson time or in a main exam hall and details of any subject specific exam equipment needed. Teaching staff will also be talking to students to outline more details about the exams for each subject. Normal lessons will continue when students are not in exams.

For iMedia students please note that their exam is on Wednesday 6th June at 9.00am, this is an external exam that contributes to the student's final grade.

As discussed at Y10 Information Evening, please encourage your child to use active revision methods including:

- i. Making revisions cards to record the key knowledge about a topic.
- ii. Testing by parents or friends by asking questions about key knowledge, e.g. using the revision cards or study guides.
- iii. Drawing mind maps on A3 and A4 paper showing how key ideas link together.
- iv. Using online resources suggested by subject teachers (e.g. Kerboodle, MyMaths, BBC Bitesize, Memrise (for Languages)).
- v. Doing practice questions eg from study guides or past papers.

Encourage them to plan which subject to revise each day eg one per night on school nights, two per day at weekends or during the half term.

If you have any questions about supporting your son or daughter with revision please contact subject teachers or myself.

Yours sincerely

Andrew Evans
Headteacher
