<b>SUCCESS TIPS</b>							
<ul style="list-style-type: none"><li>• Use task sheets and interim deadlines to help keep up to date with your project.</li><li>• Use lesson time effectively. Every task/ lesson can counts towards your final grade.</li><li>• Be organised and ensure you have your resources at hand to complete your work.</li><li>• Ensure that each page of your preparatory work has visual impact and organise your pages carefully adding titles and thoughtful annotations to explain/ support your work</li><li>• Add annotation in specific descriptive artistic language to explain the choices you have made</li><li>• Be prepared to identify and describe the visual elements: colour line shape tone form texture pattern scale composition and proportion.</li><li>• To hit highest grades use your initiative to develop your work imaginatively and work beyond the brief tasks set by doing more than the minimum. Own your project.</li><li>• Make sure you attend all lessons as your absence impacts on your work.</li><li>• Take time to review and evaluate your work properly. Being able to self evaluate makes a huge difference to your grade so get used to doing it lesson by lesson as well as at the end of each project.</li><li>• Ask for help and advice frequently</li><li>• Use time outside of lessons effectively. Creating high quality and varied art work is time consuming. Remember the art room is available to you outside of normal lesson time.</li></ul>
