

Year 7: Summer Holiday Tasks

Subject	Task
Art	Summer creative challenges. The tasks will be available on ePraise. Students should look to develop their creative skills by completing one of the challenge tasks on the power point. The tasks vary widely to ensure maximum engagement. Students are welcome to attempt more than one of the activities if they would like. We would love to see their responses when they return in September.
Dance	Write a review of a film you see over the summer holidays that features some dance. Make sure you refer to the key elements of dance, the style and physical skills and describe clearly how they use them. You should refer to space, dynamics, actions, musicality, emphasis, facial expression and relationships.
Drama	Write a review of a film you see over the summer holidays. Make sure you refer to the key elements of one character's vocal and physical skills and describe clearly how they use them. You should refer to pitch, pace, pause, tone, emphasis, gesture, movement, facial expression and relationship for example
English	Choose a book from the extended reading list in preparation for next year's studies. Select a writing task which is linked to your reading- this will consolidate our learning this year: setting, character, and context.
French	Power Point on French culture sent on epraise. This Power point takes you to 3 different links with Quizzes and Fun facts about France. Students coming back in September with facts and notes from the websites they went onto, will be rewarded 5 HP !
Geography	Find a newspaper article or a news story that interests you and write a summary in your book explaining <ul style="list-style-type: none"> • How the news story is relevant to a topic we have learnt about in Geography this year. • Why the news story interests you What you would like to happen in the future regarding this story.
History	Use the BBC Bitesize area linked below to research everyday life in Tudor and Stuart times. Use the information you find to create a poster advertising time travel trips – what should travellers make sure they experience and what should they avoid? https://www.bbc.co.uk/bitesize/guides/zwbj6sg/revision/1

Subject	Task
Maths	Students have been set three tasks on the mymaths website. These tasks are relevant to individual student's level of mathematical ability and focus on core numeracy and algebra skills. www.mymaths.co.uk School username: masefield School password: jmhs1920
Science	Students are to complete a range of simple Science experiments at home and then produce a poster to explain how they work (see epraise for full details).
