

Help your family, community & school to waste less in Ledbury

Ledbury Town Council, in partnership with Garden Organic, are recruiting volunteers to learn about recycling, composting and food waste reduction, as well as how to share those messages with others as part of a new innovative waste reduction campaign.

Would you like to find out more about waste reduction and help pass on the message to others?

- Free waste reduction training on composting, food waste and reduce/reuse/recycle
- Ongoing volunteer support and local network of like-minded volunteers
- Spread the waste reduction message in your local community
- Be the waste champion for your local school & deliver workshops for pupils
- Volunteer as a family at local events and really make a difference
- Volunteers generally undertake around 30 hours of volunteering each year
- What, how and where you do your volunteering is up to you

To apply or find out more about joining the scheme...

Please contact Sarah Blenkinsop by email at sustainableledbury@gmail.com or, alternatively, you can send your details in a sealed envelope addressed to Sustainable Ledbury to the Ledbury Town Council office on Church Street.
