How parents can support learning in the subject this academic year and Recommended Reading

In no other faculty is it more important and helpful for parents / carers to talk to their children than in PSHRE. It is basically safeguarding children and preparing them for later life. There is a whole host of guidance and further reading on the JMHS website. Please visit the 'Parent' section and click on 'Keeping children safe' (<https://www.jmhs.hereford.sch.uk/parents-information/keeping-children-safe/>). Almost every potential topic is covered there, with links to numerous charities and sources of further reading.

Points to note

In the overview of the Year 11 PSHRE curriculum detailed above, it has been indicated where certain topics will appear in the Autumn and Spring term. There is a separate Careers curriculum which provides a more detailed breakdown of the Careers provision. Assessment for those Careers topics is incorporated into the PSHRE assessments outlined above. Year Leader (Pastoral Safeguarding Leaders) workshops are outlined above, but are sometimes adapted to cover the most sensitive, relevant topics to that year-group at that particular time. KS4 Religious Education (R.E.) is delivered as part of the PSHRE tutor delivery programme – as well as 2 units of work, various religious festivals are explored each half term. The assembly schedule is carefully planned to fit alongside the whole-school PSHRE plan, but again, can be adapted to meet the needs at the time. The 'Topical News Resource' is also used for this purpose. Finally, there is an increasing cross-curricular approach to safeguarding and PSHRE topics which helps to make the overall PSHRE package a rich, and thoroughly rewarding one for all JMHS students.
